

OFGO

20-20 Catalog Installation Instructions

Prerequisites

In order to install catalogs for Giza Studio, CAP Studio, or Worksheet, 20-20 Commercial Data Setup must be installed. If you have installed a catalog from the 20-20 monthly Commercial Catalog discs it is already installed. However, if you do not have it installed then please use the "Setup Web" file at ofgo.com/CADSymbols.

Library Installation

To install the catalog for CAP Studio use the "CAP Library" file at ofgo.com/CADSymbols.

To install the catalog for Giza Studio or Worksheet use the "GIZA Library" file at ofgo.com/CADSymbols.

Follow the prompts to complete the installation.

Future Releases

The most up to date catalog files are always available at ofgo.com/CADSymbols. If you have any questions or concerns please contact us at:
