

OFGO STUDIO

An agile collection, perfect for a multitude of applications such as café, collaboration, meeting, lounge, break rooms, hospitality and more. CTX is a collection of clean and crisp C, T and X-base tables that feature a cohesive design aesthetic, encompassing a slim low-profile foot and a multitude of power and data options.

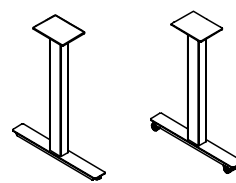

FEATURES

- Available in four styles: T-Leg, C-Leg, U-Base, and X-Base.
- Optional power and data modules offer ease of connectivity.
- Optional modesty panels provide front or wrap around seated privacy.
- Linear surfaces and side panels are edged on all four sides with INVISA™ edgeband technology.
- Available in all OFGO STUDIO standard TFL finishes.
- Meets Indoor Air Quality certification standards.
