

INVITE & VIBE COLLECTION

INVITE and VIBE modular lounge collections integrate together to create a style compatible solution that can be used to create a cohesive look throughout any space.

INVITE

A versatile collection that is perfectly suited to a variety of environments, such as lounge and waiting rooms or functional meeting spaces. Invite series is optimal for gathering and creating casual and collaborative environments. Invite series units are available with optional power and USB modules.

VIBE

Ready to adapt to suit the needs of any environment, Vibe has an extensive collection of shapes and sizes with an infinite range of interchangeable combinations. Vibe ottomans can be used as stand-alone pieces or can be connected together to create modular seating clusters.

INVITE and VIBE collections focus on creating functional collaborative environments that achieve aesthetic harmony across an entire office landscape.

The Invite collection features an angular front profile that adds architectural intrigue and freedom of movement. Optional power and communication modules maximize connectivity and extend performance in collaborative environments.

BEAUTIFUL
KAYS

Create an endless number of configurations that display an elegant geometric profile and suit various environments that accommodate people as they interact.

The Vibe collection allows you to create endless configurations for collaborative environments, such as meeting, gathering and lounging zones. Mix-and-match pieces to create versatile seating areas that are entirely unique.
