

LET'S MEET

#### Statement of Line

## The ideal solution for collaboration and communication.

LET'S MEET is an agile collection of tables suitable for gathering and collaboration. Available in a variety of heights, end panel styles, and a wide range of sizes and finishes. Add on power modules with USB charging capability in various locations for added functionality.

- Units are standard with undersurface wire manager trough
- Available with wire access base for concealed wire management
- Add bench units to create touch down meeting settings
