

 OFGO STUDIO

**QUICK SHIP**

# Why wait for what you could have now?

---

**A variety of solutions.**

**No up-charge.**

**Fast delivery times.**

With a ten business day lead time, the QS program offers a short turnaround time on various workplace offerings. Need to meet a fast deadline? Gain access to desking, seating, tables, storage, and productivity solutions through our easy-order online portal.

## **INVISA EDGE**

INVISA offers a clean edge finish with high performance characteristics such as superior durability, enhanced water resistance, and a higher resistance to temperature fluctuations.

## **REFORCE**

REFORCE is a premium construction method that is engineered to create a tough, durable case unit. A dado joint provides enhanced reinforcement, resulting in a higher force resilience.

## **SUSTAINABILITY**

QS products consist of low VOC furniture that meet and exceed strict indoor air quality emission standards for interior spaces.

## **LIFETIME WARRANTY**

QS products are backed by a limited lifetime commercial warranty that ensure quality and reliability. Visit us online at [www.ofgo.com/warranty](http://www.ofgo.com/warranty) to learn more.

**Achieve aesthetic harmony across an entire office environment.**

The QS collection focuses on creating functional workplaces that achieve aesthetic harmony across an entire office environment. This is accomplished by offering configurations that support a variety of work styles, space division, and storage needs. In addition, modular components allow users to reconfigure workstations to embrace the frequent changes faced by growing organizations.

## PRIVATE OFFICE

**An agile space for concentrated work and management tasks.**

Create a space for the focused manager. A rich palette of laminate and steel creates a balanced and sophisticated look. Powder coated steel legs form a rectangular geometric base that offers a distinctive and airy style. Height adjustable tables address the need to move and allow users to change position frequently throughout the day with ease.

**Adapt, interact,  
and join together  
to share ideas  
and collaborate.**

In the heart of every working environment is a place to gather, share ideas, and collaborate. From conference to classrooms, the QS mobile flip table is flexible and reconfigurable with the push of a paddle. The freedom to reconfigure as needs and preferences change creates a dynamic and fresh space.

# QS PROGRAM
