

OFGO STUDIO

Safeguard your team by adding protective screens to any surface or extending the height of existing cubicles.

MYGUARD SCREENS

DIMENSIONS

Height: 16" and 24"

Minimum Width: 22"

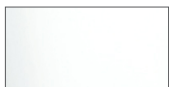

Maximum Width: 72"

Custom sizes available upon request.

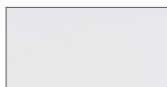

FEATURES

- Available in 4 mounting styles: Permanent, Edge, Freestanding, and Cubicle/Worksurface mount.
- Permanent mount clips allow screens to securely attach to the surface in a fixed position.
- Edge mount clips allow screens to attach along a worksurface edge. Suitable for use on 1" thick surfaces.
- Edge and Freestanding mount styles allow screens to be added to existing furniture without drilling into the top of the surface and are removable for easy relocation.
- As an option, Freestanding mount brackets can be temporarily fixed down to a worksurface via the use of double sided tape.
- Cubicle/Worksurfaces mount brackets can mount on top of worksurfaces or cubicle trims via the use of double sided tape or magnets. Cubicle trims must be flat and 2" or more in depth. Cubicle mount brackets can be removed at any point without permanent damage to cubicle trim. Magnet safety guidelines can be found at ofgo.com/magnetsafety
- 22" to 48" wide dividers include 2 mounting clips
- 54" to 72" wide dividers include 3 mounting clips
- Dividers are available with optional cutouts
- Unit is wipeable for ease of cleaning and maintenance
- Greenguard Indoor Air Quality certified
