KOLBY

SPECIFICATION SHEET

SPECIFICATIONS

BACK:

- Back frame is made of black, glass-reinforced nylon.
- Breathable stretch mesh promotes airflow. Mesh is standard in black finish. (cleaning code: W).
- Integrated adjustable lumbar support.
- Available with black or chrome accent strip on lower back.

SEAT:

- 3" high molded, CFC-free, urethane foam with waterfall front edge.
- Rated for 300lb / 136kg capacity (40 hour work week).
- 19/32" (15mm) curved plywood board with polypropylene seat cover.
- Quick ship model standard with a breathable black fabric seat.
- Configurable models available in all standard OFGO STUDIO upholstery selections or COM materials.

3-LOCK SYNCHRO CONTROL MECHANISM:

- **Synchronous control:** for every 2° of back recline, the seat angle tilts 1° (2:1 ratio).
- **Tilt lock:** back can be locked in 1 of 3 positions or be set to the free float feature which allows the chair to tilt freely.
- **Pneumatic seat height control:** raise or lower the seat of the chair to the users ideal height.
- **Slider Seat:** multi position seat slider adjusts the distance between the seat and chair back.
- **Swivel:** 360° swivel maximizes use of your workspace without strain.
- **Tension Control:** increase or decrease the tilt tension to match the users body height and weight.

4-LOCK SYNCHRO CONTROL MECHANISM:

- **Synchronous control:** for every 2° of back recline, the seat angle tilts 1° (2:1 ratio).
- **Tilt lock:** back can be locked in 1 of 4 positions or be set to the free float feature which allows the chair to tilt freely.
- **Pneumatic seat height control:** raise or lower the seat of the chair to the users ideal height.
- **Slider Seat:** multi position seat slider adjusts the distance between the seat and chair back.
- **Swivel:** 360° swivel maximizes use of your workspace without strain.
- **Tension Control:** side activated tension adjustment handle can increase or decrease the tilt tension to match the users body height and weight.

ARMS:

- Available with 3D adjustable arms or armless.
- Vertical height adjustment containing 7 position options with a 2-3/4" span.
- 3D adjustable arm pads move backwards, forwards and pivot for optimal comfort.
- TPR black durable arm pads.

BASE:

- 5-prong base available in black nylon or polished aluminum.
- Standard with black 2-3/8" (60mm) nylon, hard dual-wheel casters.
- Soft hardfloor casters are available as an option.
- Bar stool option contains adjustable chrome footring with black spokes.
- Meets or exceeds ANSI/BIFMA X5.1:2017 General-Purpose Office Chairs testing standard.
- Configurable models made in North America.
