

## NON OBSOLESCENCE POLICY

OFGO STUDIO will make a good faith effort to maintain product compatibility within various generations of our product offerings to provide consumers with spaces that adapt to change. OFGO STUDIO product offerings are designed and manufactured for longevity and can be refurbished, disassembled or upgraded as required.

Under our non-obsolescence policy, we commit to provide our customers with products of comparable function or operational characteristics for a term equal to the applicable warranty period. We will continue to supply comparable products that we have produced previously for a customer, so as to maintain the integrity of the product's aesthetics for that customer.

Product offerings such as accessories (i.e. keyboards, task lights), fabrics, laminate, and others components that OFGO STUDIO purchases within the marketplace, we will make available provided they are available to us. If for any reason, a particular component were to be no longer available from a supplier, we would try our best to source comparable components wherever possible.
