CONTINUING EDUCATION

We believe in the importance of continuing education for the professional community. We've built our CEU on Laminate Furniture with this in mind. Advanced registration is required.

COURSE INFORMATION

Name

Laminate Furniture: The impact of raw material choices on performance, lifespan, and sustainability

Course Description

Laminate is one of the primary materials used in today's working, learning and gathering environments. From casegoods; to tables; to workstations; laminate plays a key role in today’s furniture manufacturing. With laminate materials being so key to furniture construction it’s important to consider how different material selections can impact the sustainability, performance and health and wellness of finished goods.

Duration

1 hour

Credit

IDCEC approved for 1.0 HSW credit

Instructor

Alex Sisk, Vice President of Sales, OFGO STUDIO

Alex has been with OFGO STUDIO since 2022 and is responsible for all sales and distribution throughout North America. Based in Toronto, Alex has spent the past 10-years in the contract furniture industry on the manufacturer side. He has built a reputation within the industry as one of responsiveness and accountability, with a strong focus on long-term partnerships.
